

SHATTERED DREAMS

SEX TRAFFICKING IN AMERICA

Sex trafficking is a significant problem in Pierce County and the average age of entry is 12 years old. It is critical for our community to become educated about the issue and to learn what your County is doing to respond to these crimes.

January is Human Trafficking Awareness Month.

In its recognition, the Sexual Assault Center for Pierce County invites you to attend a public screening of the Emmy-award winning documentary **Shattered Dreams**. Following the film, we will offer a panel of local professionals to respond to questions from the audience.

Come learn how you can help stop this cycle of violence and exploitation!

There is no cost to attend. We hope you will join us for this critical community conversation!

**Stadium High School
Performing Arts Center
111 N E Street
Tacoma, WA 98403**

**Thursday, January 30th 2020
Doors open at 5:30pm
Event time 6pm-8pm**
