What is the Pathways Program?

The Pathways Program is dedicated to community-based care coordination. We assist patients by connecting them to resources in the community that help to improve overall health and well-being.

We can meet at patients' home, clinic, hospital, and in the community.

This is a benefit available at no additional cost to Sea Mar Community Health Centers patients.

How can I benefit from Pathways?

Your Community Health Worker can assist you with achieving goals related to areas such as:

- Education & Employment
- Housing
- Referrals to Community Resources
- Medication Management
- Family Planning
- Behavioral Health
- Establishing Care with Medical Providers

You may be eligible if ...

You have or are eligible for Medicaid or are an uninsured Sea Mar patient.

AND

You reside in Pierce County.

AND

Have two or more chronic health conditions.

OR

Have a chronic health condition and behavioral health challenges.
