Public Health
 Seattle & King County 

Washington Apple Health (Medicaid) has shifted to Integrated Managed Care, also referred to as whole-person care. With integrated managed care, an Apple Health managed care plan coordinates and pays for both your physical and behavioral health services, including mental health and substance use disorder treatment services, rehabilitative services & devices.

Public Health – Seattle & King County, presents this information as a service to the public. All information is general in nature and not intended to be a substitute of individual self-determinations as to choice of a managed care plan. This does not constitute a specific recommendation or endorsement of any specific managed care plan. Neither the Public Health – Seattle & King County nor the Access and Outreach Program are liable for incorrect or out of date information provided by a managed care plan.
