

COVID-19 Vaccines Work!

Where can I get the vaccine?

- Register for your vaccination today at tpchd.org/vaxtothefuture. Everyone 12 years and older is eligible. You can also drop-in to any clinic and get vaccinated. You don't need an appointment.
- Use covidvaccinewa.org to find a vaccine location near you.
- Call your healthcare provider or local pharmacy.
- Contact our call center at (253) 649-1412, 8 a.m. to 4:30 p.m., 7 days a week.

Do I have to pay for the vaccine?

No, the vaccine is free. You don't need health insurance or ID.

I already had COVID-19. I was in close contact with someone who had it. Should I get the vaccine?

Yes. Wait until your isolation or quarantine period is over, so you don't expose others.

Sign up for news releases, blogs and more at tpchd.org/notify.

I don't have transportation. How do I get there?

Can't easily leave home and need help getting vaccine?

- We can help! Call us at (253) 649-1412, 8 a.m. to 4:30 p.m., 7 days a week.
- Around the Sound provides transportation for people with limited mobility, including those who use wheelchairs or scooters. Call (253) 858-7088 or visit atstrans.org.
- Pierce Transit gives free bus rides to people going to vaccine appointments or volunteering at vaccine events. Call (253) 581-8000 (press 1, then press 1 again) or visit piercetransit.org.
- Uber and Lyft can also provide rides to and from vaccine events. Call the state COVID-19 information hotline at (833) VAX-HELP for that service.

Why should I get vaccinated?

- It will help keep you, your family, and your community healthy and safe.
- You can help prevent more illnesses and deaths.
- Be part of the solution. Help businesses repair and reopen.

What are the side effects of the vaccine?

- As your immune system responds, you may experience a sore arm, fatigue, headache, muscle pain, chills, joint pain, and/or fever.
- These should go away in 1-2 days.
- Call your healthcare provider if they don't go away!

Do I need to wear a mask after I'm vaccinated?

Your role to stop the spread of COVID-19 remains critical.

- Wear a mask where required.
- Maintain physical distancing.
- Stay home if you're sick.
- Keep gatherings small.
- Wash your hands often.
- Get tested if you experience symptoms or were exposed.
