

Free flu shots

Join us for this free event. **No insurance required.**

Optum® and Genoa, the health benefits and services companies of UnitedHealth Group, are partnering with
to host free flu shot clinics for the community.

According to the CDC, the COVID-19 pandemic means preventing influenza during 2020–21 is more important than ever. Influenza and COVID-19 share many symptoms. Preventing influenza means fewer people will need to seek medical care and testing for possible COVID-19 or influenza. And increasing flu vaccination uptake saves healthcare resources for COVID-19 and other conditions.¹
