

## Free bus rides to cooling centers

*Monday, July 25th—Friday July 29th*

Pierce Transit will provide free bus rides and SHUTTLE paratransit rides to cooling centers in Pierce Transit's service area during the heat advisory event this week. Free round-trip rides will be available throughout the day for passengers who tell the bus or SHUTTLE driver they are traveling **to or from** a cooling center. For paratransit rides, those who are prequalified for paratransit services should call 253-581-8000 in advance to arrange their ride.

Go to the **Hot Weather Resources** page for information about water distribution, cooling centers, and hot weather health tips. The page is updated daily.
