Pierce County Human Services, in partnership with the Youth Action Board (YAB), invites you to a special community celebration highlighting progress in the movement to end youth homelessness.

We'll celebrate providers awarded over \$3 million through the Youth Homelessness Demonstration Program (YHDP), share updates on funded projects and timelines, and honor the YAB's dedication and leadership that made it all possible.

Launched on September 29, the 100-Day Challenge is driving rapid progress to connect young people with safe, stable housing. At this event, you'll hear updates from participating agencies, learn about our new community plan to end youth homelessness, and hear directly from youth leaders shaping these solutions.
