

Boulder

Online addiction care — on your terms

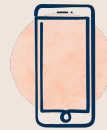

FOR OPIOIDS AND ALCOHOL

Prescriptions for Opioid and Alcohol Use Disorder

We prescribe FDA-approved medications to manage symptoms like withdrawal and cravings, including:

- Buprenorphine (Suboxone or Subutex) for OUD
- Acomprosate (Campral) and Naltrexone (ReVia) for AUD

Real-Time Access to Care

Most patients see a prescribing clinician within one hour.*

Join the Pop-In Clinic at your convenience, for all of your visits.

*During business hours: Mon–Fri, 9am–6pm local time

Privacy and Convenience

Access Boulder's care team through an easy-to-use app on a phone or tablet, on your schedule.

No more missing work or long trips to the clinic to get the care you need.

A Non-Judgemental, Non-Punitive Approach

We know that recovery looks different for every person. We're here to support you, not judge you.

We'll never kick you out for missing visits or returning to use. The door is always open.
