

KP TRANSPORTATION

You're invited to an important Community Conversation about public transportation on the Key Peninsula

This Community Conversation is an opportunity for you to talk with your friends and neighbors about your experience with transportation issues and needs as well as hopes for the future. Facilitators will guide us through a process of small group conversations and will help by listening for our questions, insights, and ideas.

- Spend time with your neighbors.
- Listen deeply to each other.
- Share your hopes and visions for the future of the community we love.
- Bring your thoughts about what's possible when a community comes together to ask powerful questions and have meaningful conversations.

"There is no power greater than a community discovering what it cares about."

Margaret Wheatley
