We are excited to announce a VIP Screening of the Documentary;
"Americans with No Address"

Robert Craig Films spent years of doing research including a US bus tour where they interviewed government officials, directors of homeless shelters and people currently challenged with living on the streets.

The result of the bus tour and research birthed an incredible documentary called **"Americans with No Address."** This documentary is riveting, emotionally told and shares about the complex nature of homelessness in the US. It also unveils projects that are working to help those who are challenged with homelessness.

This exclusive screening will also start with a message from the creators at **Robert Craig Films** and a sneak peek at the major motion picture due out next year called **"No Address"**. The major motion picture has already won **75 BEST SCREENPLAY AWARDS** at film festivals around the country.

Ticket proceeds will help fund Relief Beds to regional organizations supporting homelessness.
