NW Furniture Bank is the source of furniture for agencies in Pierce County, South King and Clark counties with locations in Tacoma and Vancouver, WA. NWFB collects and warehouses furniture for qualified member agencies. As families move through the programs and transitional housing that helps them get back on their feet, they leave with little or nothing. Many can barely afford housing and food, let alone a bed to sleep on or a table to sit at. Furniture is a basic need that determines how people feel about themselves and also how well they will perform in the work place or at school.
