Goals

Recognizing the need to respond with urgency to our nation’s homelessness crisis, Housing and Urban Development Secretary Marcia L. Fudge is calling on state, tribal, and local leaders to partner with HUD to use American Rescue Plan resources, alongside other federal, tribal, state, and local resources, to re-house at least 100,000 households experiencing homelessness through a Housing First approach, and to add at least 20,000 new units of affordable housing into the development pipeline by September 30, 2022.

Tribal, state, and local leaders who partner with us are asked to set and achieve two specific, numeric goals:

Re-Housing

Housing Creation

Agency
