

Want to End Homelessness in Pierce County?

Your Voice is Needed to Build a Unified Regional Approach.

Homelessness doesn't stop at city borders. That is why Pierce County is working toward a **Unified Regional Approach (URA)** to pool resources and make homelessness rare, brief, and non-recurring. More about the [Pierce County URA](#).

The Hurdle:

While several cities have signed "resolutions of intent" to join the framework, the final binding agreement isn't locked in yet. Many local cities are still missing from the table.

Is your city on the list?

These jurisdictions have already stepped up:

- Pierce County
- Fife
- Gig Harbor
- Lakewood
- Orting
- Ruston

- Tacoma

IF YOUR CITY OR TOWN IS NOT LISTED ABOVE, TAKE ACTION NOW:

- **Email Your City Council:** Ask your Mayor and Councilmembers to introduce a "resolution of intent" to join the URA framework immediately.
- **Show Up & Speak Out:** Attend your next city council meeting in person or via Zoom. Use your 1-3 minutes of public comment to demand a coordinated, regional response.
- **Request a Meeting:** Ask your local representatives for a quick phone call or coffee meeting to discuss their stance on regional homelessness solutions.
- **Mobilize Neighbors:** Pass this flyer along to neighborhood groups, faith communities, and local clubs to start a joint letter-writing campaign.
