

Coalition Steering Comm., Sept. 15, 2021

Letter to City - Maureen writing this tomorrow

TPU has \$23m in utility assistance, and there is apparently conversation within TPU about what they should do. Anyone who applies on the PC portal will be OK for utility shut offs.

- Maureen is talking with TPU about this. Her thoughts: Make people whole to Sept. 30th, so they could apply for the City's budget plan and qualify for the no winter shut off.

For the agenda on Friday:

- What do we know about sweeps?
- Utility shut off moratorium ends Sept. 30 - discussion

Communication:

- Quick overview of new Safesites4all.org website

Vaccination incentives:

- 240 cards are out, 50 more with Verna for use at Homeless Connect this Friday
- Plan is to get another 100 cards when Jan returns
- Have reserved 50 for Eastside Baptist Church for those along Portland Ave.

Connection with Pierce County Dept. of Emergency Management:

- Jody and Amy from DEM have joined the listserv and will be present at Coalition meetings moving forward.

Shilo Baptist getting ready to launch on Sept. 27...Mike Boisture helping with them.

Quick overview from the PC Comp Plan to End Homelessness Prevention subcommittee

Quick overview from yesterday's statewide legislative priorities call with the Washington Low Income Housing Alliance.
